"Does What They Say It Will Do"

Day In Six Years—Dreaded To See Night Come.

"At the time I began taking Tanlac," said Marcus A. Hampton, 118 Pop street, Louisville, Ky., "I had not felt well a single day in six years."

"My stomach was so badly out of order," said Mr. Hampton, "that no sooner did I get through eating than I would bloat up with sour gas and have the worst sort of pains shoot through my chest. I could not even eat the lightest kind of foods and feel comfortable afterwards, and at times could not retain anything I had eaten. I had lost fifty pounds in weight and was alarmed about my condition, for often I had such bad spells that I thought my time had surely come. I actually dreaded for night to come, as I couldn't sleep much and always felt as bad in the mornings as on going to bed, if not worse."

"Well, I was never able to find any thing to give me an appetite and start me up hill until I got Tanlac. Almost as soon as I began taking this medicine I commenced to climb. I am just now on my fourth bottle and have regained ten pounds of my lost weight already."

"My appetite soon got a new start and my stomach trouble began to lose its grip, and when I finished my second bottle I was feeling like a new man. Ever since then I have been eating just anything I want and I always feel fine afterwards. The gas has stopped forming on my stomach entirely and I never feel a touch of indigestion. I am always glad when night comes now, for I can sleep like a child and get up in the mornings feeling fine, ready for a hearty breakfast and a hard day's work. I am glad to recommend Tanlac, for it is one medicine that I believe will do all they say it will."

Tanlac is sold in Mt. Vernon by Chas. C. Davis; in Broadhead by the Broadhead Pharmacy, and in Livingston by R. G. Webb; in Hiattsville by W. M. Oxeus.

The Community Spirit AFLAME IN ROCKCASTLE

The spirit of community uplift and get-together meeting has been the slogan of the entire county this week. There has been some fifteen or more men, under the leadership of our efficient County Agent Robt. F. Spence, who have divided themselves in six or seven groups, and each group has visited from two to five different rural schools each day, carrying the message of better homes, farms, schools, and roads to every district in the county. Mr. Spence, through his untiring efforts managed to have several

other county agents to come in to this field assisted by the local men, and we are satisfied that there has been much and lasting good accomplished this week. We heartily commend this movement and we extend the columns of our paper at any and all times for these great improvements for dear old Rockcastle. Let us all join heartily and willingly in this movement and keep the spirit going until we have our county, the banner county in the state. "The county motto, we understand is, 'Brighten the corner where you are'."

NURSING SERVICE IS RAPIDLY EXPANDING

This American Red Cross Work
Flourishing in Small Towns
Throughout Country.

More than 37,000 graduate nurses have been enrolled in the American Red Cross to date and its department of nursing is daily increasing this enrollment. The department of nursing has been authorized to maintain an adequate service of nurses for the army and navy. It will continue to supply the needs of the United States Public Health Service to which it has assigned more than 1,000 nurses in the last year.

It will assist in establishing proper nursing service in foreign countries where the American Red Cross has organized hospitals, dispensaries and schools for nurses. Courses in home hygiene and care of the sick have been started for thousands of women who have never received any education in this direction. Rural nursing which was in its infancy a short while ago has been put ahead at least a decade through the work of the department of nursing and local Red Cross chapters.

Public health nursing has been extended to many rural communities and now flourishes actively in hundreds of small towns and counties. Nearly a thousand efficient nurses have already been assigned to this kind of work.

The department of nursing is uniting with other organizations in a year's campaign in recruiting nurses, for training schools, in educating the general public as to standards of nursing education and in showing communities their responsibility toward schools of nursing. It will endeavor to meet all these needs as well as to continue the enrollment of dietitians who will be utilized as instructors in home dietetics, in developing nutritional clinics, and in supplying dietitians for the United States Public Health Service and the civilian hospitals.

The Nursing Service will continue to offer to women and young girls the opportunity of securing instruction in home hygiene and care of the sick in every community in the country. This instruction has not only laid the foundation for public health but in some places has given impetus to the establishment of hospitals and community school houses.

"As a community profits by the work of the nurse," says Miss Clara D. Noyes, director of the department of nursing, "it is logical that the community should be aroused to its responsibility. The American Red Cross stands ready to help in a general campaign of recruiting and must have the support, sympathy and understanding of the medical profession as well as the intelligent co-operation of the people at large."

MOUNT VERNON, KY., FRIDAY, OCTOBER 2, 1920

Published every Friday by R. H. MILLER

TO THOSE WHO HAVE BEEN MY PATRONS

I HAVE sold the MOUNT VERNON SIGNAL and now have the pleasure of presenting Mr. R. H. Miller as your new editor. Mr. Miller is in every way capable of giving you a splendid paper. And in transferring the business and good will of the old management to him, I earnestly solicit for him the splendid patronage, fellowship and courtesy that I have enjoyed.

The year that I spent as owner and editor of the SIGNAL was a very busy year and yet one that was in many ways profitable and pleasant. The subscription list has grown without an effort on my part to increase it and it has never been necessary to solicit work, as we have always had more work than the force and equipment were equal to.

Few editors, if any, have been treated with more courtesy than I have been. Then I have had the satisfaction of knowing that no publication was ever freer from the control of party, sect or boss. I have not published the scandals and corrupt things of the county, as I had no desire to advertise these. On the other hand, I have tried at all times to give space and editorial support to every educational, agricultural and moral interest that has in any way been promoted.

I thank you for all business that you have given me. I appreciate every courtesy shown me. And I have only the best of wishes for your future prosperity and happiness.

H. T. YOUNG.

ANNOUNCEMENT

To the People of Rockcastle County:

With this issue I am taking control and management of the MOUNT VERNON SIGNAL as its sole owner. I have felt for some time a desire to enter the newspaper business. This is a new work for me and I enter it feeling that I will need all the assistance and co-operation that a generous public will be willing to extend. It shall be my endeavor to publish a good newspaper, giving all items of news that will be of interest to subscribers, both of local and general nature, with the general interest of Rockcastle County and its people at heart, and so conducted that it can go into any home without destroying the innocence of any child.

Politically the paper will be Republican, taking no hand between republicans in County primaries, but reserving the right to advocate our choice in district and state primaries.

Our efforts will be for the betterment of the county, socially, morally and religiously; for better roads, better schools and closer co-operation along all these lines.

Under my contract with the former owner all subscribers will receive their paper until their present subscription expires. We invite their patronage thereafter, and solicit new subscribers and patrons.

We also wish to express our heartiest appreciation of the courtesy of the retiring editor, Mr. H. T. Young, who has so kindly assisted us in the preparation of this issue.

Very sincerely yours,

R. H. MILLER.

Not Accidental

By WILL H. HAYS

Chairman of the Republican National Committee

THE result in Maine was no accident.

It was the result of intelligent study of the issues and honest, patriotic political organization work.

No feature of the great victory was more gratifying than the demonstration of the dependability of the women in this national crisis. I prove the wisdom of suffrage.

The Republican workers of Maine have looked upon their political service as a matter of political duty; for months every opportunity has been given for fullest participation by the Republican women, though they did not yet have the franchise.

The lesson of the Maine election is the splendid example it sets for all of us.

The work of the rest of us is not in Maine now, but in our own precincts. The Maine victory loses its significance unless because of it we are enabled to go to our own work with renewed vigor and enthusiasm.

Organize for victory.

Let there not be a moment's hesitation.

This year we must have a "school house" campaign. Everybody agrees that the extent of the Republican victory will be measured in direct proportion to the knowledge on the part of the people of the facts. The way to make this certain is not only to organize every vote in every precinct, as we are planning to do, but also have educational "school house" meetings. Most earnestly I urge each precinct committeeman to arrange at once their "school house" meetings. Take it up with the county chairman—insist on the county chairman providing local speakers. The precinct committeeman can make the success of the meetings certain.

Nothing is more important for the nation's welfare than making this Republican success so overwhelming that it will forever end wanton extravagance, inefficiency and autocracy in government, and declare in a voice that will be heard around the world, that America is America for Americans first, and the preservation of its integrity in that relation is the greatest safeguard in the future, not only for citizens of this country, but for all peoples everywhere, as the one certain Gibraltar in the world's storms which may yet in the future come and probably will come until the millennium shall have arrived.

There will be a new glory to the Stars and Stripes

Every Drop an Asset

As a dairy farmer you can figure out to the penny what your cream is worth. You know that every particle of butter fat has a distinct value to you. You cannot afford to use a separator that misses any cream.

The Primrose Cream Separator gets every drop of cream. The principle on which it operates is as simple as the mechanism. The frame is open and sanitary—the supply can large and low. Every bearing and quiet gear is well oiled by a splash system.

In Primrose separators, good workmanship and materials, close skimming and durable qualities, are the distinguishing points. These are points that vitally concern your profit.

No matter what the size of your herd, the Primrose is a money-maker. Two or three-cow farmers use them with profit.

The Primrose is the only cream separator that automatically drains out the used oil from the gear case when new oil is added.

Let us demonstrate this and other points. If it is not convenient for you to call, phone us and we will bring a machine out and show you how it operates and what its financial advantages are to you.

HENRY FORD says:

"The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all, it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards."

The Republican County Committee, in recommending election officers to the County Election Commissioners, recognized the women by selecting a Republican woman as an election officer in each of the voting precincts of the county. It is our belief that the committee acted wisely. In the first place it is a deserved recognition of the women, and in the second place, the women voters will feel more free to go to the voting places when they know there are women officers there, assisting in holding the election. This is another case of the Republicans doing the right thing at the right time.

Campaign Opens In Rockcastle

The Republicans of this county opened the campaign last Saturday with speeches by Hon. T. P. Gregory, Assistant Attorney General of the State, and Mrs. Herbert Mengel, of Louisville. The speaking was largely attended by both women and men.

A feature of the meeting was the speech of Miss Dessie Nicoley introducing Mr. McGregor. This was Miss Dessie's maiden effort, but was made with the poise and eloquence of an old time campaigner.

Mr. McGregor's speech was mainly a discussion of the National issues, and that portion dealing with the League of Nations was given especially close attention and was handled by the speaker entirely to the satisfaction of the audience, since the Republicans of this county have all along been opposed to the League.

The speech of Mrs. Mengel was listened to with great attention and greatly appreciated by the audience. It dealt largely with the duty of the women in the coming election. It was her advice to the women that they support Senator Harding for President. She states that the manner in which he is conducting his campaign is not only dignified, but showed him to be a Statesman; and on the other hand the methods adopted by Governor Cox indicate that he is a politician of demagogic tendencies. She also stated that she had studied the record of both parties, and that all along the Republican party had been more friendly to the women; that 29 of the biggest Republican states in the Union had ratified the Constitutional Amendment giving the women the right to vote, while only seven Democratic states ratified it.

At the close of the speaking the Republican committees, men and women, met and completed the selection of the campaign committee in the different precincts of the county. All committees now having been selected, the fight is on to poll the entire Republican vote both men and women at the coming election. There is now a contest on between the Republican men and Republican women to see which will poll the greater number of votes. This paper is betting on the women.

After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

The following letter written from Detroit, Michigan is no snap judgment expressed on the merits of Pe-ru-na, the well-known cathartic remedy, but rather a mature, sober opinion formed after a full year's trial. This is the way Mr. Michael Fakos of 906 East Palmer Avenue, in the Michigan Metropolitan, writes: "After using PE-RU-NA for about one year I can say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face."

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend it to my friends who are troubled with catarrh." Nothing can be more convincing than an endorsement of this nature from an actual user. There are many people in every community whose experience, in using Pe-ru-na, has been identical with Mr. Fakos'. It is the standby for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions. Put up in both tablet and liquid form. SOLD EVERYWHERE.

G. W. DURHAM'S

Fine 135-Acre

FARM

SUBDIVIDED

Also a Lot of Personalty

At Public Auction On
The Premises

Saturday, October 9th

AT 1:30 P. M. SHARP

This splendid farm—one of the best in that section of the State—is located in the East End of Lincoln county on the Crab Orchard and Lancaster turnpikes, 1 1/2 miles North of Crab Orchard, a station on the L. & N. R. R. where all trains stop and about one mile from the famous Crab Orchard Springs, a noted health resort. Pike runs through the farm and the old Richmond Road, which is mostly gravelled, bounds two sides of it. Church and school at opposite corners of farm and easy walking distance of Crab Orchard Graded School, no tax to pay—just outside.

Level to gently rolling—just enough for natural drainage—and you can run an automobile all over it. 45 acres in corn; 4 acres in tobacco; 35 acres in stubble; 25 acres in wood lot; 26 acres in blue grass and meadow. Enough timber for general farm use, including fire wood, which is quite an item for all time to come. A few big oaks for wood and tobacco crops for next year.

Improvements: Nice two story 6-room brick and frame residence, halls and porches, chicken house, double crib, fine hip roof stook barn, 32x64, and 16 feet to eaves, 35 feet to ridge built of dressed oak, matched drop siding and painted on concrete foundation with galvanized metal roof and cupola. Fine water well and cistern at dwelling, everlasting springs, ponds, Dix River etc. Well fenced and cross fenced. The owner has always prided himself on good fencing.

Most of this farm is as rich as they make them about the right size in these days of scarce labor, the right distance from town on one of the best pikes in the county, and a much traveled gravel county road, surrounded by the best of neighbors, etc., all of which makes it an exceedingly desirable farm, one of the very best locations in the county and a place you will be proud to call HOME.

The owner is a non-resident and has instructed us to SELL. Some one is going to get a bargain. Boys, you can't go wrong on one like this. Look her over carefully, meet us at the sale day, SATURDAY, OCTOBER 9th, at 1:30 P. M., and pound your bids at her and you might be the lucky one to own it. A lot of personal property consisting of farming implements, household goods, etc., will be offered for sale immediately after the sale of the farm. This farm is up and selling for the HIGH DOLLAR with possession January 1st, 1921.

Terms liberal and made known on day of sale.

Mr. H. G. Skiles, at the Crab Orchard bank, will take pleasure in showing this farm to any prospective buyer before sale day.

For full particulars see, write or phone either H. G. Skiles at the Crab Orchard bank or
